

# Request to Ship Radioactive Material

NSCL must be notified at least two weeks in advance if you intend to transport radioactive or hazardous materials to or from NSCL. MSU approval must be obtained prior to shipping radioactive materials to/from NSCL. You will be notified as to approval or denial of your request.

\* indicates required field

I request to ship radioactive materials:  
(check one box)

- To NSCL  
 From NSCL

Person in charge of material when at NSCL: \*

---
